STUD SEASON 2010

SET FEES FOR STUD WORK AT NEW HILL FARM STUD

This is an optional scheme where the mare owner **pays in advance** a "one off" fee to cover routine scanning, drugs and fertility treatment for up to 3 breeding cycles. For example the following procedures, where applicable, would be included in the cost:

Equine Viral Arteritis and Equine Infectious Anaemia Blood Tests
CEM swab
Scans and rescans
Wash out and drugs
Hormone injections (but not hormone implants)
Caslicks procedure
Pregnancy scans at 14 – 16 days and 24 – 28 days.

The scheme will apply for up to 3 separate breeding cycles. If at the end of this time the mare is not pregnant all additional fees will be discussed on an individual basis and payable within 30 days of invoice.

Veterinary fees not included:
Treatment for injury and illness whilst at the stud
Routine vaccinations
Pregnancy diagnosis after 42 days
Any attention during foaling or treatment needed for a foal at foot.
Hormone implants

The fee will be £295 including VAT @ 17.5%
Payable in advance and may be paid in cash, cheque or most credit/debit cards.
No part of the fee is refundable.

Owners wishing to participate should inform the practice prior to the mare arriving at the stud whenever possible.

For mare owners not wishing to pay this inclusive fee they are reminded that all veterinary fees are payable within 30 days of invoice.
Please complete and tear off. Post to the practice or hand to M Fitton or the attending vet.
